Graduating Seniors Receive Awards at Alumni Awards Banquet

Several graduating seniors received awards at the Annual Alumni Awards Banquet, held at the Town and Gown on Saturday, May 7th. Anna Papinska (PSCI program, Kathleen Rodgers, advisor) received the Outstanding Scholar Award. Jugul Dhandhukia (PSCI program, Andrew MacKay, advisor) received the Discovery Award. Tim Bensman (CXP program, Paul Beringer, advisor) received the Translational Award and Emmanuel Drabo (pictures at right, HE program, Jason Doctor, advisor) received the Outstanding Achievement Award. Pictured (from left): Dr Annie Wong-Beringer, Associate Dean for Graduate Affairs and Interdisciplinary Graduate Programs, Santosh Peddi Jugul Dhandhukia, Anna Papinska, Tim Bensman and Hao Guo.

2016 Commencement Ceremony, Friday May 13th

The 2016 School of Pharmacy Satellite Commencement Ceremony was held in the HSC quad from 3-5pm on Thursday April 27th in PSC-104. The field comprised 6 teams: 4 teams of graduate students, one team of STAR students from Bravo High School, and one team of faculty. First place winners were a team of graduate students from the MacKay lab. A team from the Rodgers’ lab came in 2nd, followed by the STAR students, with the faculty team coming in 4th. The contest began with a race to sort multi-colored tic-tacs (pictures) and finished with a round of Double Jeopardy. The faculty beat all or nothing in the final round but failed to correctly answer the meaning of the word “nephelococcygia” (the practice of finding shapes in clouds), putting them in 4th place - much to the satisfaction of the more conservative graduate student teams. Who will win next year?

Graduate Student Team Victorious at Trivia Night Contest

This year’s Trivia Night Contest, hosted by the Pharmacy Graduate Alliance (PGA) was held at 5pm on Thursday April 27th in PSC-104. The field comprised 6 teams: 4 teams of graduate students, one team of STAR students from Bravo High School, and one team of faculty. First place winners were a team of graduate students from the MacKay lab. A team from the Rodgers’ lab came in 2nd, followed by the STAR students, with the faculty team coming in 4th. The contest began with a race to sort multi-colored tic-tacs (pictures) and finished with a round of Double Jeopardy. The faculty beat all or nothing in the final round but failed to correctly answer the meaning of the word “nephelococcygia” (the practice of finding shapes in clouds), putting them in 4th place - much to the satisfaction of the more conservative graduate student teams. Who will win next year?

PHARMACY GRADUATE ALLIANCE (PGA) CORNER

PGA Elects 2016-2017 Officers

The new PGA Board will be as follows: Aida Kouhi (President), Charles Caldwell (Vice-President), Sunny He (Treasurer), Michelle Chon (Secretary), Juliana Chen (Social Chair), Michelle Grau (MPTX rep), Larry Rodriguez (PSCI rep), Neil Desai (CXPT rep), Justin McGinnis (HE rep), Sunita Pal (PSCI rep), and Wade Thompson-Harper (staff member). If you would like to contact the Board, please email us at pga@usc.edu.

CV/Resume Workshop: As part of a Graduate Programs Professional Development Series, the Graduate Affairs office will be hosting a CV/Resume Workshop by Zach Marks, Cofounder and COO for Oyster on Wed May 18th from 4:46-5:30pm in PSC-200. (Space is limited, to sign-up see listing below.) Previously a consultant for McKinsey & Company, Zach Marks developed new strategies to hire talent from non-traditional sources. In addition to helping employers find highly skilled talent with graduate degrees, Oyster provides an online resource that enables job-seekers to find opportunities based on their skills rather than titles on a resume. To learn more, visit: https://www.oyster.com/about/

Summer Research Fellowship Programs: The School of Pharmacy has awarded Summer Research Fellowships to 7 PharmD students and 2 undergraduate students. The summer program is geared towards increasing learning and networking opportunities for undergraduate and PharmD students committed to pursuing either a professional or academic research career in pharmaceutical and translational sciences. Students will spend approx 10 weeks working on a research project with a faculty mentor during the summer. Visit the Summer Research Fellowship page on the website.

Summer Fellowship Boot Camp: The Graduate School will host a Summer Fellowship Boot Camp for incoming and rising 2nd year PhD students as part of its Diversity, Inclusion and Access (DIA) initiative. The boot camp will be a 10-day intensive workshop from August 3-12th in which participants will complete an application for either an NSF Graduate Research Fellowship, a Ford Foundation Predoctoral Fellowship, or a Paul and Daisy Soros Fellowship for New Americans. Applicants must be US citizens or permanent residents and are due on June 3rd. Kathy Rich from GAO will help review your applications prior to submission. View application form here.

UPCOMING EVENTS
